

CHA CAMBODIA

PayWay Payment Integration - Go-Live Checklist

1. Action Items

	Task	Status
☐	Register for PayWay Production Account Go to https://payway.com.kh and register as a merchant. ABA will review and approve the application.	PENDING
☐	Receive Production Merchant ID Once approved, ABA provides a production Merchant ID (starts with ec). Found in PayWay Dashboard > Merchant Settings.	PENDING
☐	Receive Production API Key Found in PayWay Dashboard > API Keys. This is a secret string used to sign payment requests. Do NOT share publicly.	PENDING
☐	Whitelist Domain: chacambodia.org In PayWay Dashboard > Security Settings > add chacambodia.org to the allowed domains list for server-to-server calls and return URL.	PENDING
☐	Test with a Real Payment Open chacambodia.org > click Donate > select > click Donate Now > complete payment via ABA Mobile > verify transaction shows Completed in Donations.	PENDING

2. How It Works - Payment Flow

Step 1: Donor clicks Donate on the website and modal opens with amount chips

Step 2: Donor selects amount and optionally enters name, email, phone

Step 3: Donor clicks Donate Now and website sends request to PayWay with amount + hash signature

Step 4: PayWay returns a checkout URL and donor is redirected to PayWay hosted payment page

Step 5: Donor completes payment using credit/debit card, ABA Pay, KHQR, WeChat Pay, or Alipay

Step 6: PayWay calls back to chacambodia.org with payment result and transaction is marked Completed

Step 7: Admin can view all transactions in WP Admin > CHA Members > Donations
